Oliver-

Sorry my rpedictions were accurate.

Thanks for the story on Jimmy's suit. Do you have a copy of his complaint?

No word on the FOIA requests/appeals and I remind them from time to time.

When you were a Minuteman and got stuff from them and talked to them di d you ever hear about a guy named Larry Grathwohl? He also worked for the FBI. He was active with the Weatherman.

I've also heard he was going to write a book.

Sincerely,
